MORGAN CITY JOB ANNOUNCEMENT

POWER DEPARTMENT JOURNEYMAN LINEMAN

Morgan City Corporation is currently accepting applications for a Journeyman Lineman. Duties include responsibility for the effective distribution, transmission, and utilization of Morgan City electrical power. Maintains and installs all related power poles, lines, transformers, switch gear, wires, and fuses. Makes permanent connections for new homes and commercial buildings. Assists other City Departments as needed.

This position requires good time management, project organization and supervisory skills. Strong mechanical abilities, a solid knowledge of electrical systems and operations, and good communication and public relations skills are critical to the successful execution of this position.

Qualifications include: High school graduate. Must possess a Utah Commercial Driver's License. Must hold a Journeyman Lineman Certificate. Requires ability to perform moderately heavy physical manual labor frequently lifting up to 75 pounds in connection with equipment. Must be able to twist, kneel, and bend for associated tasks performed in the field (includes digging holes). Good organization and mechanical abilities. Accuracy, alertness and concentration at all times are also vital to this position.

Upon employment employee must reside no further than 30 minutes from city limits.

Salary Range is \$37.02 - \$49.37 per hour (Negotiable based on experience) with full time benefits (health, dental and life insurance, paid holidays, vacation and sick leave, and retirement). Send a cover letter and resume to Morgan City Corporation, P.O. Box 1085, Morgan, UT 84050 or e-mail to lmoore@morgancityut.org. Resumes are accepted until position is filled. A copy of the full job description is available at www.morgancityut.org.
